

When printing this page ensure that the print settings are set to 'Actual size' or 'Custom Scale' 100%.

Method A

Place a ring over the circle, making sure that the inside of the ring lines up with the outside of the circle. If you are between sizes, order the larger size.

Method B

Measure your finger and compare to the scale:

1. Find a piece of string or a strip of paper about 150mm long.
 2. Wrap it tightly around the base of your finger.
 3. Using a pen, mark the point on the string or paper where it overlaps to form a circle.
 4. Compare the length of the string or paper to the lines below to determine your ring size.
- If you are between sizes, pick the larger size.
